About Crystalware

Since 2017, we, *Crystalware International Pvt. Ltd.* have been providing the best quality households and kitchenware of plastics at the most economical price. *Crystalware* has transformed Indian homes in the last four years. Our products are recommended for all parts of society ranging from housewives, working men & women, travelers, school kids, senior citizens, and collegians.

Our professionals deploy innovative technologies and quality assured plastics to manufacture these household products and adhere to predefined industry norms. Owing to the important features like ease of use, exquisite finish, light weight, excellent air sealing properties and eco-friendly nature, these plastic products are in high demand among our clients.

Vision

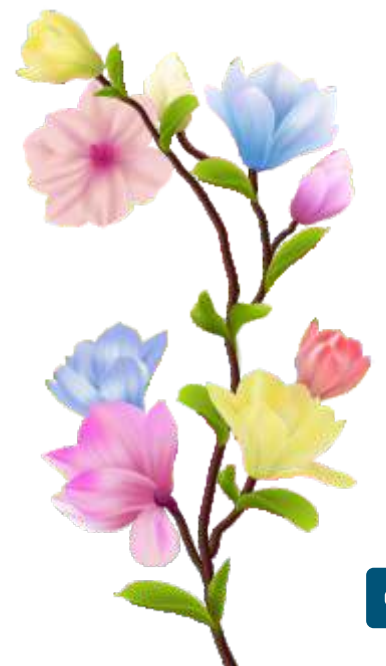

- To be India's most preferred household brand with innovative & better-quality products at affordable prices.
- Catering the best possible services to our consumers, retailers and customers and identifying their needs for our continued success.
- Increasing sales & profits year after year, ensuring the security for the company.

Why Us ?

Our fair practices and dealings of the business process have enabled us to earn the satisfaction of many customers. Our salient features like ethical business policies, easy modes of payment, well designed and hard plastic items, transparent transactions, and strict deadline adherence have made us the most trusted choice of customers across India.
